CAREER OBJECTIVES

I am a self-taught front-end engineer passionate about creating engaging user experiences. I am eager to apply my foundational skills in HTML, CSS, and JavaScript to contribute innovative, user-centric solutions. I am seeking an entry-level or intern role to grow and learn within a dynamic team while leveraging a strong commitment to mastering new technologies and best practices in web development.

COMPUTER SKILLS

Client-Side Languages: HTML, CSS, JavaScript, Typescript, jQuery, Bootstrap.

Development Technologies: React JS, MobX, Redux, Jest, React Testing Library.

Graphic Tool: 3D Paint, Corel Draw, Adobe Photoshop.

IDE: Visual Studio Code

PERSONAL PROJECTS

Portfolio Website: https://kehindetemitayo.vercel.app

- I developed a personal portfolio website showcasing projects and skills.
- I implemented a responsive design for optimal viewing across devices.

Weather App: https://storm-sculpt.vercel.app

- I developed a weather application that fetches data from an API using JavaScript
- I Implemented dynamic UI updates based on real-time weather data.

EDUCATION

Federal University of Agriculture, Abeokuta, Ogun State. BSc Pasture and Range Management 2016-2023
